ONE COPY—ONE CENT.

OFFICES OF TWO COUNTY HEALTH WORKERS MERGED

County Health Officer Rice and Miss Annie Casey, County Health Nurse, Will Maintain Joint Offices in Health League Headquarters.

The offices of County Health Officer and County Health Nurse will be merged and instead of the County Health Officer having an office in the Court House annex at Third and Sutton streets, his office in the future will be in the Health League quarters in Court street.

Miss Casey, who had her living apartments at this place, moved yesterday to Walnut street where she will reside in the future and the apartments formerly used by her will be used to make the joint office much larger.

Dr. J. L. Rice, newly elected County Health Officer, has arrived in Maysville and he will assume his new duties on Thursday, May 15, when Dr. Locke's resignation takes effect. Dr. Rice will install in the Health League's headquarters a first class laboratory which will prove of much benefit to all physicians in this section and which will put Maysville on the map in a medical way all over the state of Kentucky.

Dr. Rice is given a hearty welcome to Maysville. The Mason county folks extend a glad hand to him and hope that he will meet with much success here in enforcing the health laws and in looking after the general health of the county and community.

PLANS FOR BAND STAND COMPLETED

Miss Emma Williams, local architect, has completed the plans for the proposed new municipal band stand to be erected by the city in Market street for the use of the Maysville Boys' Band. The band members are anxious for the stand to be erected as they are ready to begin their weekly concerts on the street just as soon as the stand is erected and ready for use.

The City of Maysville is at present without Health Board or Health Officer.

YOUNG PEOPLE'S LEADER FOR RUGGLES PROCURED

Dr. Mahaffey of Covington to Handle Youngsters at Ruggles—Centenary Drive Here Progressing.

District Superintendent W. H. Davenport of this, the Ashland District of the Methodist Episcopal Church, was in the city yesterday on business connected with the Great Centenary drive. In speaking of the progress of the movement he stated that the Ashland district was sending in the most encouraging reports, and that the quota was over half subscribed to date, and the official time for the drive to begin is not until next Sunday. The people are just so anxious about that many asked the privilege of getting to work as soon as possible. Dr. Davenport expects the District to "go over the top" without any difficulty. He left this morning for Sardis where he will assist the pastor, Rev. Hopkins for a few days in the work.

The District Superintendent while in the city yesterday announced that plans for Ruggles Campmeeting were assuming shape nicely. The contract with Dr. Bunton for the evangelistic services has been closed.

An announcement of special interest to the young people is the securing of Rev. J. B. Mahaffey of Covington for the young people's meetings. Dr. Mahaffey is a young man, a graduate of one of the large Southern universities, and has had wonderful success in the ministry. Since taking charge of Shinkle church at Covington, the church has simply boomed. Great crowds throng every service. With two such men as Dr. Bunton and Mahaffey a good campmeeting is assured.

LOCAL LAWYER TO MAKE COMMENCEMENT ADDRESS

Hon. Stanley F. Reed, local attorney, will deliver the annual commencement address at the Aberdeen High School on Thursday evening before the graduating class of nine young ladies. It is expected that many Maysville people will attend the Commencement exercises.

CONVENTION OF REPUBLICANS OPENS ON WEDNESDAY

Advance Guard Arriving in Lexington For Big State Convention on G. O. P. Platform.

Lexington, Ky., May 13.—The advance guard for the Republican State Convention arrived in Lexington Monday night on trains from Louisville and Eastern Kentucky for preliminary caucuses and interchange of opinions on the many questions to come up at the two-day session. The Phoenix Hotel lobby was the meeting place of many groups, and Republican leaders freely predicted an attendance of 3,000. The avowed intention of Judge Edward C. O'Rear, of Frankfort, to attack the state law and offer a plank favoring its absolute repeal, which is not sought by Republicans generally, was the principal topic of the early arrivals. Opinions were given freely, but the majority seemed willing, as usual, to follow their leader, Edwin P. Morrow, who has stated that he will leave the matter to the convention.

Lexington women with Republican sympathies, who had an active organization in Lexington during the last Presidential campaign, began the work of decorating the Woodland auditorium Monday. Flags, bunting and the national colors will be freely used for the walls, and the platform will be gay with flowers, it was said. Storm's Military Band, whose members are veterans of many fraternal and political conventions, has been engaged by the committee on music, and the Louisville delegation, which will arrive on a special train at 12 o'clock Wednesday, will bring another band.

Reservations already made will tax the capacity of every hotel of the city. Indications of a record-breaking attendance are such that the Board of Commerce and other civic organizations are making efforts to reserve rooms in all sections of the city to accommodate the visitors, who are expected to arrive in large numbers Tuesday. Mr. Morrow, Alvin T. Hart, national committeeman; R. P. Ernst, Ed T. Frank, chairman of the Republican State Committee, and Mayor John T. Craig are expected to be among those who will come the day before the convention. Mr. Morrow, Mayor Craig and the majority of the candidates for places on the ticket will have headquarters at the Phoenix Hotel. James A. Wallis, of Irvine, who is conceded the nomination for treasurer, will be at the Leonard.

Delegates from the various Congressional districts will meet at 11 o'clock Wednesday morning to select committee members in rooms prepared for them at the Phoenix and the court house.

PRISONERS DELIVERED

Sheriff Charles Galbreath left Tuesday morning for Greendale and Frankfort to deliver two prisoners convicted and sentenced at the March term of the Mason Circuit Court. William Fryman was delivered to the State Penitentiary at Frankfort to begin a term of two years on a charge of stealing from a common carrier in interstate transit and Dave Warfield was delivered to the State School of Reform at Greendale to remain until he is of age on a charge of forgery.

WHO HAS HOMES FOR THESE CHILDREN?

Juvenile Judge H. P. Purnell has four girls, ages 12, 10, 9 and 3 and two boys, ages 7 and 5 who he would like to place in good homes somewhere in Mason county. Any person who is interested may find out anything they might want about the children by applying to Juvenile Judge Purnell at the County Court House.

ROGERS-SWEET

James Sweet, Jr., aged 15, and Miss Addie Rogers, aged 17, both of the Springdale neighborhood, were married at the County Clerk's office Tuesday morning by County Judge Purnell. Both parties being under legal age had the consent of their parents.

EXAMINATION

An examination will be held at my office on May 16 and 17 for White teachers. All those expecting to teach this year must take an examination on agriculture.

GEO. H. TURNIPSEED, Supt.

Regular meeting of Maysville Lodge No. 704 B. P. O. Elks Wednesday evening, May 14, 1919. Officers and members urged to attend.

D. E. FEE, Exalted Ruler. W. R. Smith, Secretary.

The Nomads will meet Wednesday afternoon at 2 o'clock with Mrs. A. L. Merz in East Second street.

Mr. W. L. Traxel, local baker, is in Louisville today on business.

CITY COUNCIL AND SCHOOL BOARD WILL DINE TOGETHER

Invitations Issued Today to Members of City Council and Board of Education to Six O'clock Dinner Friday.

Members of the City Council and the City Board of Education have been invited to attend a six o'clock dinner to be given at the Maysville High School on next Friday evening by the Home Economics Department of the High School. Mayor Thomas M. Russell will preside at the dinner.

The invitations issued today by Superintendent W. J. Caplinger state that the meeting will be informal and it is understood that the City Fathers will be shown over the High School building and be made acquainted with the Home Economics department and the Manual Training Department in their workings. This is the first opportunity the members of the City Council have been given as city officials to thoroughly inspect these new departments of the High School and it is expected that all city councilmen will be present.

Last year the Economics department entertained the members of the Board of Education at dinner but they have this year extended their invitation to the Councilmen and have asked Mayor Russell to preside as Toastmaster.

JOY RIDERS BREAK NEW CEMETERY FENCE

The beautiful new fence recently built at the Maysville Cemetery was broken in several places one night recently. Prints of automobile tires in the mud nearby lead to the theory that automobile joy riders smashed into the fence. Joy riders are getting rather careless about Maysville and continuation of this carelessness will necessitate action on the part of the police.

NEW OWNER OF FERRY IS MUCH PLEASED

Captain Stalder, the new owner of the Aberdeen-Maysville Ferry system is very much pleased with his purchase and proposes to give the patrons of the ferry a better service in the near future. He says the patronage is such as to deserve the best possible for the money and he expects to give it to the people.

Mr. and Mrs. Elmer Thompson moved Monday from Covington to the Burgoyne flat in East Second street. They moved overland by means of auto truck. Mr. Thompson will be connected with the Maysville Buick Auto Company.

Maysville baseball fans are wondering why we can't have some sort of baseball team. There are some splendid ball players in Maysville. Why not organize a club and have a few games this summer? Play Ball.

"Sandy", the beautiful collie dog belonging to Druggist James Peacor, died Monday evening of pneumonia. "Sandy" was an unusually popular dog about town and he will be especially missed by the children.

The Maysville Telephone Company is about to put to press a new telephone directory and it is certainly badly needed. This is the year for a new City Directory and it is also very badly needed.

Mrs. Lillian Bain, of Orangeburg, left this morning for Midway to attend the annual Commencement at the Midway Girls' College. Mrs. Bain's daughter, Miss Mildred, is a student at Midway.

Mr. and Mrs. J. C. Everett's magnificent home in West Third street is being extensively improved for their occupancy.

BEAUTIFUL CHAPEL TO BE ERRECTED AT LOCAL CEMETERY

Maysville and Mason County Cemetery Company Will Build Chapel of Bedford Stone in Immediate Future—Bids Now Are Requested.

President William H. Cox, of the Maysville and Mason County Cemetery Company, announces that his company will build in the immediate future in the Maysville cemetery a very attractive and serviceable chapel for the use of the public.

Plans for the chapel have been drawn by W. C. Collett, of Boston, Mass., the famous architect who drew the plans for the beautiful new entrance the Cemetery Company recently built. The chapel will cost approximately ten or twelve thousand dollars and the bids will be opened and the contract let on the first of June.

The location of the chapel has been selected as just east of the Soldiers' and Sailors' monument and just west of the Foster mausoleum. The building will be of concrete base and Bedford stone sides with slate roof. It will be 60 by 30 feet and contain an auditorium fitted with pews, the ceiling of which will be 14 feet and which will accommodate about 75 persons. Besides the auditorium, the chapel will contain two waiting rooms, a receiving room, robing room, a place for an organ and all modern conveniences. The chapel will be so built that it can be used by any protestant denomination. The entrance, which will be very imposing, will be from the West and a driveway entirely around the building and the company hopes to have it heated by gas.

There will be three windows on either side of the building and a large one in the rear over the altar. Upon the building there will be a tower in which chimes may be later installed. The building of this chapel offers splendid opportunities for individuals or organizations to contribute memorial windows, install a memorial organ or chimes as memorial to their dead.

The Maysville and Mason County Cemetery Company has only recently expended quite a large sum of money in building a beautiful entrance and fence at the cemetery and with the completion of this beautiful chapel Maysville will have one of the best cemeteries in this district. The company deserves much credit for their providing these conveniences and accommodations and for beautifying our City of the Dead.

FARMERS' CHAUTAUQUA WILL BE HELD AT BEECHWOOD PARK

Those Interested in Bettering Conditions on the Farm Will Have Opportunity of Hearing Experts Free—Arrangements Being Made.

Those local people who are interested in seeing the proposed Farmers' Chautauqua for Mason county during the coming summer a success and in charge of arrangements are very busy just now getting things in readiness for the three big days. The exact date of the Chautauqua has not been decided upon but arrangements are being made to have it at Beechwood park and only afternoon and evening meetings will be held.

Some of the best posted men in the country have been booked by the managing committee for the entire state and arrangements are also being made for an interesting musical program.

Folks should not get this Farmers' Chautauqua confused with the regular Maysville Chautauqua. There will be no conflict in dates and the Farmers' Chautauqua which will last but three days will be absolutely free to all. The speakers on this Farmers' Chautauqua will endeavor to bring the farmers information that they can use every day on their farms. The speakers will be furnished by the State and Federal Departments of Agriculture and the Louisville Board of Trade and the Kentucky Bankers' Association. They will be the best that can be obtained.

Complete announcement of all arrangements will be made just as soon as the committees have worked out the details but all should now begin to think over the matter and decide to attend all three days.

NOTICE ODDFELLOWS

Regular weekly meeting of DeKalb Lodge of Odd Fellows this evening at 7:30 o'clock at the hall in Second street.

H. L. WALSH, N. G. W. H. Thompson, Secretary.

We call the special attention of our readers to the list of city property offered for sale by Thomas L. Ewan & Co. appearing elsewhere in this issue. This list of property was revised today and many pieces are offered for the first time.

MILK PROVES BEST FOOD ONE CAN USE EXPERTS SHOW

Holstein Show In Progress at Mike Brown's Store Is Attracting Much Interest From Farmers All Over This Section.

The free dairy show in progress at Mike Brown's store under the auspices of the Mason County Holstein Association is attracting much attention and much favorable comment. The people of this section have never before known that milk was so valuable as food.

In 1917 the amount of skim milk produced as a by-product of butter making amounted to 29,117,634,000 pounds, which contained more protein than all of the beef eaten in this country in one year.

One gallon of skim milk contains as much protein and produces as much energy as 20 eggs, 8 1/2 pounds of canned peas, 4 1/2 pounds of baked beans, 2 1/2 pounds of pork chops, or 2 1/2 pounds of fowl.

Skim milk is the "lean meat" of whole milk. Skimming milk removes nothing but fat. If you trim the fat off your steak you do the same thing, and leave the same things—protein, sugar and a mineral matter.

May Echo Sylvia, the famous Holstein cow that gave the 76 quarts of milk in one day, produced as much available food in that milk as there would be in 30 pounds of sirloin steak. Can you think of a more efficient food-factory than a cow?

Rolo Mercena De Kol, the Holstein cow that produced butterfat equivalent to 51.93 pounds of butter in seven days, produced in one day butter equivalent to 31.11 pounds of sirloin steak as far as food value is concerned.

Dr. E. V. McCullom has proven by tests on animals that if the "vitamines" indispensable constituents of any diet are taken from any animal, growth is checked to the extent that disease and death are a sure result. There is no food product which contains vitamins more abundantly than milk. A child receiving good milk in proper amounts will never suffer from the rickets or similar diseases. Vegetable oils and body-fats of animals, such as lard, beef-fat, etc., do not contain sufficient amounts to nourish the body.

The show continues all of this week and is all absolutely free.

Codfish are dried, ground into powder and made into bread in Iceland.

"OUT OF LOVE" CLUB
UNIQUE ORGANIZATION

Members Are Girls Rescued by Salvation Army.

The "Out of Love" Club is one of the important club organizations maintained by the Salvation Army in this country. In every large city where there is a Salvation Army corps girls who have been helped back into the normal pace of a workaday world are proud of the membership in this club. Disappointed, loveless girls who do not forget kindnesses shown them in their hour of greatest need give out of love to help other girls receive the same friendliness. In a simple, quiet way, this unique idea has been maintained for over 20 years.

In every large city in the country there are girls who have needed the ministrations of the Salvation Army. After they have been helped and sent on their way again they become life members of this club if they so desire. Only girls are admitted who have given a good account of themselves for at least one month in the positions found for them by the Salvation Army after their release from a hospital or home. These girls pledge themselves to keep alive the spirit of friendliness and home which the Salvation Army has spread among them. The girls are expected to dress in a plain, simple way, and avoid in any sense of the word gaudy or tawdry clothing.

Gossiping or tale bearing is tabooed. If members of the club transgress this rule they are liable to suspension for a month or longer. The "Out of Love Club" is one of the many activities that will benefit by the success of the Salvation Army House Service Fund Campaign for \$13,000,000 May 10-24.

Charles Yarnall of Maysville was the guest of Miss Virgie Gully at Foxport last week.

EDITH CAVELL'S BODY TO
BE MOVED TO ENGLAND

Four Bullets Pierced Body of Martyr
Muse Examination Has Shown.

Brussels, May 11.—The removal of the body of Edith Cavell for interment in England will take place on May 13. Edith Cavell was the English nurse who was executed summarily by the Germans in 1915 for aiding prisoners to cross the frontier into Holland. Her body was exhumed at Brussels on March 17 and conveyed to the Tir National.

The body was well preserved and the features were perfectly recognizable. It is understood that an examination revealed that the nurse's death was instantaneous. She was struck by four bullets, two of which entered the right side and two the left, one piercing the heart.

After a funeral service to be conducted in the Gure Du Nord, by the Rev. H. Gahn, the British chaplain, who was with Nurse Cavell the night before her execution, the coffin will be entrained for Ostend, whence a British warship will take it to Dover. There the admiralty will transfer it to committee charged with organizing the funeral in England.

In London a military escort will be provided and the coffin will be taken to Westminster Abbey, where funeral services will be held. Interment will be at Norwich.

OUR COLORED CITIZENS

Haven Chapel M. E. Church is in a revival meeting. Song Evangelist Mrs. Anna Thomas Foster has been delivering telling addresses, sending the truth home to the people. The church is being aroused to greater activity and effectiveness. The Sunday School attendance 32. Last Sunday was Centenary day, Rev. I. G. Penn, Jr., of Maysville, Ky., was on hand and delivered first hand instruction to the captains and canvassing teams. Subscriptions were taken in the rise of \$100. The charge expects to go over the top. Let each member and friend subscribe as much money as possible right away as the intensive drive begins May 18 and closes May 25 and we are expected to have cash and subscriptions to cover \$372 which is asked of our charge.

Our church collection Sunday amounted to\$16.00
Last week 10.35
Sunday, May 4 10.05

Total\$41.40
Mrs. Susan Moore and Mr. Grant Moore are off to Indianapolis visiting her daughter. We wish them a pleasant trip.

Sunday will be our closing day for our revival. There will be two collection tables, one for the Stewards and one for the Evangelist. Each member and friend will be expected to give liberally to these tables.

Kentucky Politics As It Looks Today

The State tax law loomed large as the principal issue both in the primary and general election in the opening campaign speeches of Lieutenant Colonel H. H. Denhardt and Judge John D. Carroll, aspirants for the Democratic nomination for Governor, last week. Edwin P. Morrow, who will receive the Republican nomination without opposition, will not take the stump until after the Republican State convention in Lexington Wednesday. Mr. Morrow, who has been quoted as saying that he favors the repeal of the law, has refused to make any direct statement, saying that the question would be taken up at the convention.

Col. Denhardt, in his Mt. Sterling address, made a vigorous attack on both the Democratic State administration, and Edwin P. Morrow and his followers, and laid the blame for the tax law difficulties and all other political evils which he flayed on an interlocking system of Republican and Democratic bosses who, he said, now control Kentucky. The "school book conspirators" and "pardon brokers" also came in for condemnation. He advocated an absolute repeal of the tax law and a new measure that will retain the classification feature, will lift the burden from farm lands and real estate and return local government in assessments.

Judge John D. Carroll, in his opening speech at Richmond, defended the law and proposed an amendment exempting real estate from State assessment, revising license laws, giving a better method of collecting inheritance taxes, and making corporation and intangible property subject only to State tax. The dissatisfaction of land owners would be allayed if their lands were assessed by local authorities without interference from a State taxing body, he said.

Lieutenant Governor James D. Black, who will succeed Governor A. O. Stanley as chief executive the end of the week, when the junior Senator will take his seat in the extraordinary session of Congress May 19, will open his headquarters in the governor's race at Louisville this week. His campaign manager has not yet been announced. So far Governor Black has given no indication of his position on the tax law, but is expected to mention it in the opening speech of his campaign at Richmond, May 17.

Just what advantage, if any, his occupancy of the Governor's seat for a few months will give the Lieutenant Governor in his race for the nomination is not known. He goes into office with practically all State officials pledged to other candidates, and a realignment with the elimination of Rhea is being predicted. There is little patronage to be distributed, and both Governor Stanley and Lieutenant Governor Black denied that they had made an agreement in regard to the appointments to be made.

Thomas S. Rhea will declare his position on the tax law and other questions at issue in the opening speech of his campaign May 19, probably at Frankfort. Cadiz has also been mentioned as the place for his opening. State papers have shown a surprising apathy regarding Mr. Rhea's candidacy, the large majority of them having made no comment on his entrance into the race since his announcement. The opinion seems to be that he has lost out in sacrificing a sure appointment as Auditor to get the gubernatorial race, where his entrance has split the Beckham-Haley wing of the party hopelessly and divided the administration forces between Judge John D. Carroll and himself.

Lieutenant Colonel Samuel M. Wilson, who has returned to the United States from twelve months service with the Seventy-seventh Division in France, is expected to announce for the Democratic nomination for Governor on his return to Lexington next week.

Colonel George T. Smith, of Lexington, has landed in New York with the Thirty-second Division, and has informed Lexington friends that he will announce his decision in regard to seeking the nomination as soon as he is discharged from the service.

Dr. A. J. Alexander, president of the Democratic Forward League, and leader in the "dry" wing of the Democratic party will enter the race for Lieutenant Governor as running mate of Colonel H. H. Denhardt, according to a political friend of the Woodford county man. Doctor Alexander's announcement may be expected within thirty days, he declared. Ronald C. Oldham, of Winchester, the only announced candidate for the nomination, has been building his forces for several months, and it was thought that he would have no opposition in the party. Thurston Ballard, of Louisville, will receive the Republican nomination at the State convention at Lexington Wednesday.

D. L. McQuary of McCracken county, has announced his candidacy for the Democratic nomination for

Secretary of State on a platform in which he joins R. S. Eubank, of Lexington, candidate for Superintendent of Public Instruction; R. C. Oldham, of Winchester, for Lieutenant Governor, and Ed Morrow, Republican candidate for Governor, in advocating free text books for children in the public schools.

Mr. McQuary, who has never held public office, also declares for the creation of a State Department of Mining, the doubling of salaries of school teachers with payment at the end of each month, and judicial reform. Mat S. Cohen, of Lexington, at present Commissioner of Agriculture, and Cecil Williams, are the only other announced aspirants for the nomination. Tom Supprier, of Grayson county, an employee of the State Tax Commission; Lawrence McCoy, of Lexington and Jackson, and James F. Ramsey, of Eddyville, are seeking the Republican nomination.

R. P. Ernest, of Covington, is, according to Louisville reports, to be the party nominee for Senator next year against Senator J. C. W. Beckham through a "gentleman's agreement" reached with prominent Republicans.

No announcements for the race are expected for some time, but a boom for Congressman J. Campbell Cantrell has attained considerable strength in Louisville and Central Kentucky, where his friends began to urge his candidacy shortly after his vigorous denunciation of the action of Democratic Senators in voting against the woman suffrage amendment.

Stanley O. Wood, editor of the Mt. Sterling Gazette, who was recently discharged from the army, is a candidate for the Republican nomination for Railroad Commissioner in the Third District. Mr. Wood comes of a family which has been prominent in Republican State politics and newspaper circles for half a century, and

Points in the Moline's Favor

There are many points in the MOLINE's favor when the question of what Farm Tractor to buy comes up. To put them all in print would make a long, long story—but to make a long story short—

POINT 1—The MOLINE is the ONLY tractor with electric lights and self-starter. You don't have to quit important plowing or other work just because the sun goes down. Just turn on the lights and keep right on. The MOLINE will work 24 hours a day for you. Never mind the weather. If it rains on Monday, you can do 2 days' work on Tuesday to make up for it.

POINT 2—The MOLINE is the ONLY tractor that cultivates the seed in the soil.

POINT 3—The MOLINE is the ONLY tractor that reverses and goes around a stump or rock. You drive the MOLINE same as an automobile. Drive backward as well as forward.

POINT 4—The MOLINE is the ONLY tractor that cultivates two rows at a time.

POINT 5—The MOLINE is the ONLY tractor that can be turned around in a 16-foot circle and can be put in a small-sized shed.

POINT 6—The MOLINE is the ONLY tractor that has a device to lock the differential and give perfect traction in soft ground.

POINT 7—The MOLINE is the ONLY tractor that will start and finish a field without a horse.

There are SEVEN points—"one for every day in the week." For more "points" or a demonstration, phone, see or write

DOING THEIR DUTY

Scores of Maysville Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow; Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Maysville people endorse their work.

Mrs. E. Sphar, E. Second and Walnut Sts., says: "I have never seen Doan's Kidney Pills fail to help anyone complaining of their kidneys. I have been greatly benefited by them myself. At times my back has ached and I have suffered from lameness through the small of my back. When I have been in that way, I have used a box or so of Doan's Kidney Pills, which I procured at Chansior's Drug Store. They have always quickly removed the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sphar had. Foster-McBum Co., Mfgs., Buffalo, N. Y.

GOVERNMENT TO GIVE 20,000 MOTOR TRUCKS TO STATES

Army Equipment Valued at \$45,000,000 Donated For Use on Federal Aid Roads.

Washington.—More than \$45,000,000 worth of motor trucks are about to be distributed by the Secretary of Agriculture through the Bureau of Public Roads to the State highway departments. These trucks have been declared surplus by the War Department and are being distributed to the States under the provisions of Section 7 of the Post Office Appropriation Bill. They must be used by the States on roads constructed in whole or in part by Federal aid, for which \$200,000,000 in addition to the former appropriation was given to the States under the same bill. All that the States must do to acquire the use of these 20,000 trucks, which range in capacity from two to five tons, is to pay the loading and freight charges.

Of the 20,000 motor vehicles to be acquired practically free by the States, 11,000 are new and 9,000 are used, but all are declared to be in serviceable condition. The motors will be apportioned to States only upon request of the State highway departments on the basis of the requests received from the respective States, and in accordance with the apportionment provided in the Federal aid law approved in 1916. The requirements of the law are such that the Bureau of Public Roads can not distribute any trucks to counties or individuals.

REDUCING THE COST OF HORSE WORK ON FARMS

A day's work of a two-horse team costs the farmer more than a day's work of a hired man, and yet, the high cost of team work worries the average farmer less than the high wages paid the hired man.

The chief reason for the high cost of horse labor on Kentucky farms is the large amount of time that horses do not work. Kentucky farmers probably get on an average less than 1000 hours of work per horse in a year. This is less than 100 days of 10 hours each. Some farmers get less than 75 days for an average, or less than 2 1/2 hours per day for each work horse. The best organized farms get twice this average and thereby cut the cost of their team labor in two.

"Work stock ought not to stand idle a single hour if it can be avoided. At such times as they cannot be used profitably at home they should be hired out if possible. They cannot of course be kept at work ten hours a day, six days in the week, for 52 weeks in the year, but that ought to be the ideal."

How some of the best Kentucky farmers are saving money on horse labor:

1. By planning the farm work with a view of economizing horse labor as

UNIFORMED BEGGARS ARE GENERALLY FAKIRS

Red Cross Issues Warning Calling on Public Not to Patronize Uniformed Peddlers or Beggars.

The army isn't coming home in rags and tatters. It isn't a public charge. Discharged soldiers don't have to beg or to peddle souvenirs for a living.

American Red Cross, Lake Division headquarters, has been asked by National Headquarters to issue this second warning to people of Ohio, Indiana and Kentucky.

"The situation is becoming almost a menace," says the order.

The American Red Cross in every town and municipality in the three states of the Lake Division, is helping the man who comes home, to take up again the life he left to enter his country's service.

Red Cross Home Service workers are ready to help him get a job, and a good one. If he is in need of a little ready money, or his family is suffering, the Red Cross is ready with a loan. If he is disabled, and cannot go back to the old line of work, the government will train him for something else. It isn't necessary for him to beg, or to sell post cards, buttons or any kind of souvenirs.

Most of the uniformed peddlers are fakirs. They have no right to the uniform they are wearing. Many of them have never been inside an army camp. But it is fairly easy to fake a uniform, and get easy money from the patriotic public. "Don't encourage the man who commercializes his country's uniform. Don't buy his wares."

well as man labor. Nearly all of them carry a memorandum book with a list of bad weather jobs which are done when outside work with the teams cannot be done. The teams are kept at work every day and every half day that is suitable for outside work.

2. By doing as much as possible of the breaking for corn and oats during the winter and early spring. This prevents the rush of team work late in the season when the weather is hot and the ground hard and dried out.

3. By hiring extra teams during temporary rush periods. When possible it is much cheaper to hire a team for a few days than to keep an idle team on expenses most of the year.

4. By keeping large brood mares which raise mules or draft colts and are worked during the season when extra work stock are needed.

5. By turning work stock out on pasture and feeding lightly when they are not doing hard work. Good farmers strive to carry the work stock thru the late fall and winter as cheaply as possible on sorghum and corn fodder and a little grain, saving the good hay for the time when the teams are working hard breaking and cultivating the crops. Farmers should make a rule to feed only enough to meet the actual needs of the teams. Care should be used not to overfeed and not to waste feed.

THE \$13,000,000 SALVATION ARMY POSTER

"A man may be down, but he's never out," the Salvation Army slogan furnished the theme for the official Home Service Fund Campaign poster designed by Frederick Duncan, the noted artist. From this he has evolved a striking artistic creation, typifying the hand of the Salvation Army reaching out to rescue those who are enshrouded in the clouds of poverty and vice. A Salvation Army lass is the principal figure, and the scarlet lining of her cloak, thrown back as she enfolds those who are calling out to her in distress, furnishes the poster with its one spot of brilliant color. The background is of blacks, grays and greens, indicative of the storm clouds of misery and want.

RED CROSS PEACE PROJECTS

Almost 800,000 children in Ohio, Indiana and Kentucky are members of the Junior Red Cross, Lake Division headquarters, American Red Cross, has announced the following increase in the membership of children in the schools. From January 1 to May 1 there were 147,161 new members enrolled in division, public, private and parochial schools. This brings the total up to 796,323 in 4,299 auxiliaries.

Up to April 29, 1919, 5,843 disabled soldiers and sailors had been discharged from camp hospitals in Ohio, Indiana and Kentucky, according to figures compiled at Lake Division headquarters, American Red Cross. Of this number, 2,817 have tuberculosis and 3,026 are general disability cases.

Civilian Relief After-Care workers are co-operating with the Federal Board for Vocational Training, in urging these men to take the training offered by the government, and so fit themselves to be self-supporting in any chosen work.

Names of disabled men to be discharged are sent to the After-Care Department at Lake Division headquarters, and from there given to the Federal Board and to chapter Civilian Relief Departments.

The Red Cross wants every man to know of the opportunity that is his for the asking.

The entire organization of the American Red Cross working at home and abroad is on guard to prevent epidemics from being brought into the United States by immigrants, according to word received from Lake Division headquarters.

The Red Cross is co-operating with the United States Public Health Service at American ports of immigration, to secure a more rigorous examination of immigrants hailing from epidemic zones abroad. In addition, American Red Cross workers in Europe have been asked to forward at once full information as to the presence of cholera, typhus fever, plague and other grave, communicable diseases, as they appear in parts of Europe from which people are likely to emigrate to the United States. These precautions are being taken at the request of the government, and are a part of the peace time health program of the American Red Cross.

The universal feeling of the wounded and disabled soldiers at the army hospitals at West Baden (Ind.) and other government hospitals is strong to judge from articles published by the boys in the hospital papers.

"Don't patronize him; he is smirching his uniform," is the slogan in "Under the Dome," the West Baden paper.

Catarhal Deafness Cannot Be Cured
Local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHESNEY & CO., Toledo, O.

BUY VICTORY NOTES STATE NATIONAL BANK

Many of the men who are wearing the uniform, and selling small wares on the streets, are not entitled to it. They wear the uniform falsely, preying on the patriotic feelings of the public in an effort to make easy money.

The sight of these fakirs is particularly annoying to men who have fought in Europe and honor the uniform.

PRICES FOR ALL COMMODITIES ADVANCED IN APRIL

Wholesale prices for all commodities advanced one per cent. during the month of April, according to the figures of Dun's review, which seem to confirm the statement recently issued by the U. S. Department of Labor.

The number of commodities advancing from week to week has been in excess of the number of declines during the entire month of April. Dun's review shows, on March 1 the index number for wholesale prices for all commodities was 69. per cent. under the high level of October 1. On April 1, it was 5.7 per cent. under the October 1 figure, and, on May 1, only 4.7 per cent. below it.

The belief that prices have been stabilized has obtained widespread acceptance in newspapers and trade magazines that reflect varying shades of opinion. The Federal Reserve Board in a statement concerning business conditions, issued to the press on May 6, commented on the price situation as follows:

"Possibly the most conspicuous feature of the business situation is found in the fact that prices have apparently been somewhat stabilized. Marked declines are still reported here and there in some special lines, but from nearly all districts it is reported that the uncertainty concerning prices has been mitigated and that business men now expect that existing levels of prices will be substantially maintained for some time to come."

YOUR GROCER.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

WILL SURVEY STATE FOR SOLDIERS' LAND

Committee Named by Governor Stanley Will Meet in Louisville to Discuss Plans.

A prompt survey will be made of Kentucky to determine how much land is available in the State for soldiers' settlement in case the Soldiers' Settlement bill, to be presented to Congress at the coming special session, is passed.

Frank L. McVey, president of the University of Kentucky, made this announcement Monday and gave out the names of a committee to conduct the survey.

The appointments were made by Gov. Stanley as follows: Dr. McVey, chairman; Harvey Chenault, Richmond; Owsley Brown, Louisville; G. A. Wickliffe, Greenville, and W. F. Bradshaw, Paducah.

Dr. McVey has called a meeting of the committee for 9 o'clock Thursday morning at The Seelbach, Louisville, when plans for the survey will be made. Many letters have already been received showing some of the land available. Because of the agricultural development in various parts of Kentucky the investigation already made shows the most obvious places to seek soldier settlements are in the lower-lying lands of the western end and in the southeastern corner of the State.

Only five counties of the 54 in the Lexington district had greater quotas in the Victory Loan than Mason and none made a better showing than old Mason in the final wind-up.

GREATER PROSPERITY SEEN IN VOTING 20c ROAD TAX IN MASON

People of Mason County Should Study Special Road Tax Election Carefully.

A great number of citizens of Mason county were glad to learn that the Fiscal Court had decided to call the election for the additional 20c Road Tax, for the improvement of Mason county roads.

The citizens of today are deserving of just as good roads as our forefathers and nothing that Mason county has done in many days would be recognized as such a progressive step as the plan for the improvement of the roads as contemplated by the Fiscal Court.

The citizens believe in the men that they have elected to manage the affairs of the county and approve of the fine work that has been done under their administration. The roads have received the special attention of all the members of the Fiscal Court and were in better condition, in later years than they are today.

From a standpoint of business integrity the members of the Fiscal Court are men of sound business judgment, each having made a success in the conduct of his personal affairs. The same good business management principles, have been applied in the conduct of the affairs of the county.

While Commissioner Key makes no profession as a road engineer, he has made the study of good roads his "hobby". His business necessities that he make frequent use of the roads and we doubt if any Mason countian knows better than he the ruts and conditions that need improvement on roads of the county.

During the short period of time, that he has supervised the road work of the county, a marked improvement has been noticed and we feel sure we can predict a still greater improvement in the roads of Mason county, in the next few years, especially if the citizens vote the additional funds so that a greater work can be undertaken. No citizen doubts the need of additional funds for road work if he has an understanding of the work to be done and the increased cost of labor and material Mason county's coming prosperity will in a great measure depend upon the road system. If we secure a fine improved system in a short time it will hasten the prosperity that is knocking at our door.

The voting of YES on the 20c additional tax at the election on June 14th will place in the hands of the Fiscal Court, sufficient funds for the creation of the desired system of roads and hasten the day for a greater prosperity for all the citizens of Mason county.

The baptism of a number of candidates at the First Baptist church Sunday evening was postponed because of a mishap to the baptistry. The baptism will take place at some early future date.

Work at remodeling the State National Bank building is expected to begin within a very short time. The plans for this alteration will give the State National a very modern banking room.

Messrs. James Frost, Alton Schatzmann and John Richardson are representing the local tribe of Red Men at the State Council in session this week at Lexington.

ROUTINE BUSINESS ONLY TRANSACTED BY THE COMMISSIONERS

Regular Monthly Meeting of the Mason Fiscal Court Held Tuesday — Claims Against County Are Allowed.

The regular monthly meeting of the Mason County Fiscal Court was held at the Court House Tuesday morning with Judge Purnell presiding, all commissioners present as well as County Attorney Rees and Deputy County Clerk A. F. Wood.

The following orders were made: The following order was made May 2, 1919, but being omitted from the record is now ordered entered:

Be it ordered that all the original bids received by this court for contract work on the Sardis pike be rejected except the bid of the Carleton Culvert Co., which is accepted and the bid of S. M. Billiter for scarifying of the Sardis turnpike and placing culverts and concrete work on same which is also accepted.

The following claims were allowed: R. A. Carr, paup. sup. \$3.75. Baldwin Law Book Co. sup. \$12.50. Omar Dodson, crt. hs. sup. \$1.41. C. M. Devore, Sheriff's fees \$23.50. Electric Shop, jail sup. \$5.40. Chas. E. Galbreath, sheriff's fees \$907.75.

Germo. Mfg. Co., jail sup. \$89.40. Wovels Mfg. Co., jail sup. \$101.85. Geo. Kirk, office expenses \$5.70. Mays. Water Co., Apr. bill \$35.15. Maysville Water Co., May bill \$35.78. Moore's Elect. May: Suit & Dry Good Co., sup. \$20. West-U-Tel. Co., service 49c.

A. L. Glascock, expenses \$21.70. A. G. Watson, jailer's fees \$27.65. Boone Phillips, Insp. salary \$150. McCarthy & Altmeyer, prtg. \$23.40. Ordered that the County Judge draw his order on the Treasurer for payment of all claims and expenses of the two boards of County Supervisors for 1919.

The sum of \$200 was allowed as assistance to the Mason County Scientific and Historical Association.

Perpetual to a recommendation of the last Grand Jury relative to the Commissioners placing a toilet on the upper floor of the Court House the committee investigated and reported that same would be impracticable. There being no other business court adjourned.

ATTEND HEALTH MEETING

Dr. J. L. Rice, Mason County Health Officer, and Miss Annie M. Casey, Mason County Health Nurse, left today for Louisville to attend a Public Health Conference being held in that city this week.

Mr. and Mrs. Robert L. Luman are moving into one of the Flannigan residences in East Second street opposite the Princess Skating Rink building.

Mr. and Mrs. LeGrand Coots, of Shelbyville, Ky., are visiting their daughter, Mrs. B. B. Bailey and family, of West Second street.

MABEL NORMAND PUTS VILLAGE "VAMP" TO ROUT

Mabel Normand routs a village "vamp" in record time in her latest Goldwyn Picture, "Peck's Bad Girl", by Tex Charvate, which comes to the Pastime tomorrow.

When Hortense Martinot came from the big city to cast a spell over nearly every gallant swain in Yaptank, it was no affair of Mabel Peck's (played by Miss Normand). It is only when Hortense tries to "make" Mabel's brother, Willie, that Mabel decides the quicker she rids Yaptank of Hortense the better it will be for all the villagers.

Mabel's chance comes when she discovers through some adroit detective work that the village "vamp" is in league with a band of bank robbers who have designs on the vault in Yaptank Bank.

Brother Willie, to Mabel's annoyance, has grown to love Hortense and innocently helps her scheme. He is employed in the drug store adjoining the bank and Hortense's frequent calls at the store are not to see him, as Willie thought, but to learn what part of the cellar it will be safest for her thieving associates to work in an attempt to drill through to the bank vaults in the basement.

Hortense's last hours in Yaptank are spent in a steamer trunk into which she is thrown, bound and gagged, by Mabel after a fierce encounter in the millinery shop owned by Hortense, where the plot to rob the Yaptank Bank was hatched. See this picture at the Pastime tomorrow.

SETTLEMENT CLUB WILL MANAGE CLEAN-UP WEEK

Young Ladies of Maysville Will Be Leaders in Celebration of Clean-Up Week in Maysville—Dates Selected.

The week of May 26 to 31 inclusive will be celebrated as Clean-Up Week in Maysville this year. This was decided upon at a meeting of those interested in cleaning up the city thoroughly this year and the leadership in this movement is undertaken by the Maysville Settlement Club.

The club has selected committees to handle the various details of the week and a special effort will be made to have the local merchants call attention to the Clean-Up campaign through their advertisements in the local newspapers. The celebration of the week will be brought to the attention of the general public in other ways as well and it is expected that this year the clean-up campaign will prove a greater success than it has heretofore in Maysville.

Already members of the various committees have begun work in an effort to obtain the hearty co-operation of all individuals and organizations in the city and it is expected that everyone will lend a hand to make the drive really a general clean-up in all parts of the city.

RIVER GETS SEVERAL GARDENS

The Ohio river in this district reached at stage of 35.2 today and it is thought that the rise has about reached its crest. Several lowland gardens have been inundated by the back waters and those along the river banks have also been damaged. Aside from damage to gardens the rise has not bothered this district.

COPAS-HAYSLIP

Ed Hayslip, aged 44, and Miss Elva Copas, aged 29, both of West Union, Ohio, were married at the County Clerk's office Monday evening by County Judge H. P. Purnell.

On Thursday—May 15—the Central Hotel Company turns over its property to Claude Watkins, of the Whitehall, under the sale made several weeks ago. Plans to unite the two buildings have been considered and work will probably begin at once.

Dr. B. B. Bailey, of this city, will deliver the Commencement Address before the graduating class of the Tennessee College of Women at Murfreesboro, Tenn., during the first of June.

OUR COLORED CITIZENS Important Notice

The following named persons who have charge of the State University drive will please meet promptly at 3 o'clock Wednesday afternoon at the Colored High School building: Mesdames Jessie Turner, Anna Athey, Emma Bass, Pearl Miller, L. D. Henderson, Frances Owens, Lucy Brookings, Misses Clara Hall, Fannie M. Jackson, Anna Kimbro, Mary F. Ewing, Beatrice Jackson, Florence Lang, Jane Smith, Emma D. Duncan, Ella Taylor; Messrs.
